

Federal Emergency Management Agency

§ 206.400

State has a responsibility under a co-operative agreement to perform such action on a nonreimbursable basis. This provision is an exception to normal FEMA policy under the Act and is intended to accommodate only those rare instances that involve State fire suppression of section 420 incident fires involving co-mingled Federal/State and privately owned forest or grassland.

(10) In those instances in which assistance under section 420 of the Act is provided in conjunction with existing Interstate Forest Fire Protection Compacts, eligible costs are reimbursed in accordance with eligibility criteria established in this section.

(c) *Program specific ineligible costs.* (1) Any costs for presuppression, salvaging timber, restoring facilities, seeding and planting operations.

(2) Any costs not incurred during the incident period as determined by the Regional Director other than reasonable and directly related mobilization and demobilization costs.

(3) State costs for suppressing a fire on co-mingled Federal land where such costs are reimbursable to the State by a Federal agency under another statute (see 44 CFR part 151).

§ 206.395 Grant administration.

(a) Project administration shall be in accordance with 44 CFR part 13, and applicable portions of subpart G, 44 CFR part 206.

(b) In those instances in which reimbursement includes State fire suppression assistance on co-mingled State and Federal lands (§ 206.394(b)(9)), the Regional Director shall coordinate with other Federal programs to preclude any duplication of payments. (See 44 CFR part 151.)

(c) Audits shall be in accordance with the Single Audit Act of 1984, Pub. L. 98-502. (See subpart G of this part.)

(d) A State may appeal a determination by the Regional Director on any action related to Federal assistance for fire suppression. Appeal procedures are contained in 44 CFR 206.206.

§ 206.400 General.

(a) As a condition of the receipt of any disaster assistance under the Stafford Act, the applicant shall carry out any repair or construction to be financed with the disaster assistance in accordance with applicable standards of safety, decency, and sanitation and in conformity with applicable codes, specifications and standards.

(b) Applicable codes, specifications, and standards shall include any disaster resistant building code that meets the minimum requirements of the National Flood Insurance Program (NFIP) as well as being substantially equivalent to the recommended provisions of the National Earthquake Hazards Reduction Program (NEHRP). In addition, the applicant shall comply with any requirements necessary in regards to Executive Order 11988, Floodplain Management, Executive Order 12699, Seismic Safety of Federal and Federally Assisted or Regulated New Building Construction, and any other applicable Executive orders.

(c) In situations where there are no locally applicable standards of safety, decency and sanitation, or where there are no applicable local codes, specifications and standards governing repair or construction activities, or where the Regional Director determines that otherwise applicable codes, specifications, and standards are inadequate, then the Regional Director may, after consultation with appropriate State and local officials, require the use of nationally applicable codes, specifications, and standards, as well as safe land use and construction practices in the course of repair or construction activities.

(d) The mitigation planning process that is mandated by section 322 of the Stafford Act and 44 CFR part 201 can assist State and local governments in
